Finding our quarters too small for the immense stock of goods we carry, we have leased the TWO-STORY BRICK BUILDING connecting our First street store and facine Front street, with four large entrances on the latter street. and three large skylights in the center, which now makes our store 200 feet deep, running from 126 First through to 127 Front. Our upper floors we will devote to manufacturing purposes. With our increased space we are betfer enabled to display the large stock we carry, and as to quality and low prices, we are second to none in San Francisco or Portland.

We shall be ready for business in our new addition on Tuesday, Feb. 13, which will contain our Millinery, Clothing, Hats and Caps, Boots and Shoes, Tranks and Valises and Rubber Goods Departments.
